The TIFI Youth Organization is aware of the COVID-19 “Corona Virus” concerns and has been monitoring the situation via Official US Government and local releases. The following guidelines and communications are part of our ongoing efforts to offer safe, organized youth sports for the Texas Gulf Coast Area

The CDC Guidelines outline ways to protect yourself and others:

- **Wash Your Hands** frequently and thoroughly
- **Avoid** close contact with people who are sick
- **Distance** between yourself and others as far as practical
- **Disinfect** frequently touched surfaces
- **Cover** coughs and Sneezes; wash hands, clothing and surfaces that may have been impacted
- **Monitor** your health; check for fever or symptoms of COVID 19

The State of Texas has issued an executive order on May, 18 2020 per order 21c allowing *“Youth sports programs; provided however, that practices may begin, but games and similar competitions may not begin until June 15, 2020.”*

What this means for TIFI Families and Participants.

- TIFI Booster Clubs will not officially start any practices or have organized events, outside of registration, prior to June 15, 2020.
- The TIFI Booster Club organization will continue to monitor closely government orders and regulations concerning potential outbreaks and changes that the organization will need to implement in order to comply.
- The TIFI Booster Club organization will promote and implement best practice protocols that will reduce risk for exposure.

During this unprecedented time, we encourage and remind ALL Participants and their families to do the following:

- **Maintain Good Hygiene:** Wash Clothing Daily and Disinfect Helmets and Shoulder Pads Nightly
- **Practice Social Distancing:** Avoid contact with other people, maintaining at least 6ft distance and do not attend public or social gatherings outside of family at home.
- **Do Not Come to Practice or SCYFA Events:** if you or your child feel ill or are showing symptoms of illness. Please contact your coaches.
- **Do Not Come to Practice or SCYFA Events:** if you or your child are well but have a sick family member at home with flu or COVID-19.

Things the TIFI Booster Clubs are doing to help prevent spreading germs on the field:

- a. Any Coaches or Board Members will not participate if feeling ill
- b. All Water Drinking Bottles will need to be supplied by the participant for ONLY the participants use. The Club will supply re-supply water in a controlled manner. Any common water bottles will be managed by the coaches only to prevent spreading of germs.
- c. During Practice, Parents will be encouraged to social distance. There is plenty of space and a Board Member may kindly request any large groups to disburse. Please be courteous with this request.
- d. Games will be closely monitored with bleacher spacing and social distancing implemented depending on venue.
- e. Team Talks and discussions will be spaced out whenever possible to minimize close contact
- f. All commonly used equipment will be sanitized regularly to prevent the spread of germs
- g. Drills will be broken up into smaller groups when possible
- h. The board will review feedback and suggestions, modifying protocol from time to time to improve the safety and health of our participants.

For more information about COVID-19, visit the U.S. Centers for Disease Control and Prevention’s COVID-19 (coronavirus) page, or contact your health care provider.

COVID-19 Waiver

Assumption of the Risk and Waiver of Liability Relating to Coronavirus/COVID-19 or Other Illnesses

The Novel Coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization. COVID-19 is extremely contagious and is believed to spread mainly from person to person contact. As a result, federal, state and local governments and federal and state health agencies recommend social distancing and have, in many locations, prohibited the congregation of groups of people.

The TIFI Organization Booster Clubs have put in place preventative measures to reduce the spread of COVID-19, however, the organization cannot guarantee that you or your child(ren) will not become infected with COVID-19 or any other illness. Further, attending camps, practices and games could increase your risk and your child(ren)'s risk of contacting COVID-19 or any other illness.

By Signing this agreement, I acknowledge the contagious nature of COVID-19 or any other illness and voluntarily assume the risk that my child(ren) and I may be exposed to or infected by COVID-19 or any other illness by attending camps, practices or games and that such exposure or infections may result in illness. I understand that the risk of becoming exposed to or infected by COVID-19 or any other illness at any event may result from actions, omissions or negligence of myself or others, including, but not limited to volunteers, program participants and their families.

I voluntarily agree to assume all of the foregoing risks and accept sole responsibility for any illness to my child(ren) or myself of any kind, that I or my child(ren) may experience or incur in connection with my child(ren)'s attendance at any event or participation in such events ("Claims"). On my behalf, and behalf of my children, I hereby release, covenant not to sue, discharge and hold harmless the TIFI organization, booster clubs, volunteers and representatives, of and from any and all Claims, including all liabilities, claims, actions, damages, costs or expenses of any kind arising out of the relating thereto. I understand and agree that this release includes any Claims base on the actions, omissions or negligence of the organization, booster club, its volunteers and representatives, whether a COVID-19 infection or any other illness occurs before, during or after participation in any organization programs.
